

THE ROLE OF PERSONALIZED EDUCATION TOOLS IN COMPUTER PROGRAMMING LEARNING

Fadhla Binti Junus
State Islamic University (UIN) Ar-Raniry
Banda Aceh, Indonesia

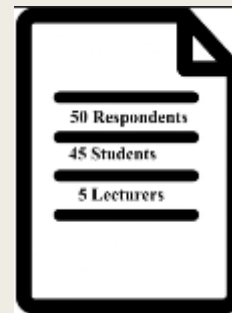

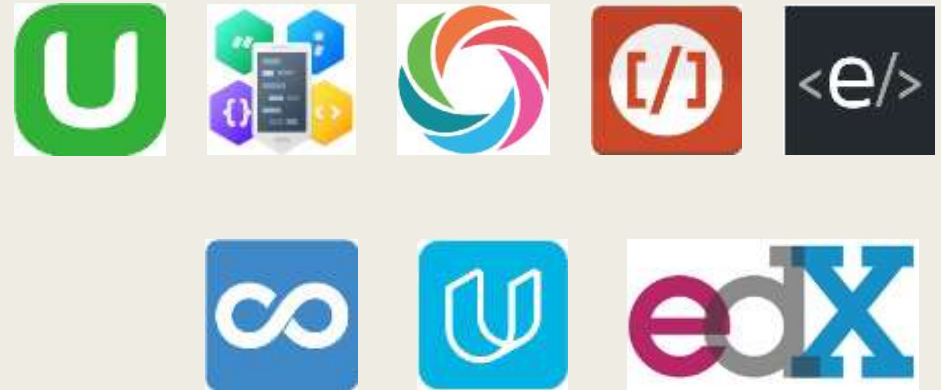

Ideas Behind

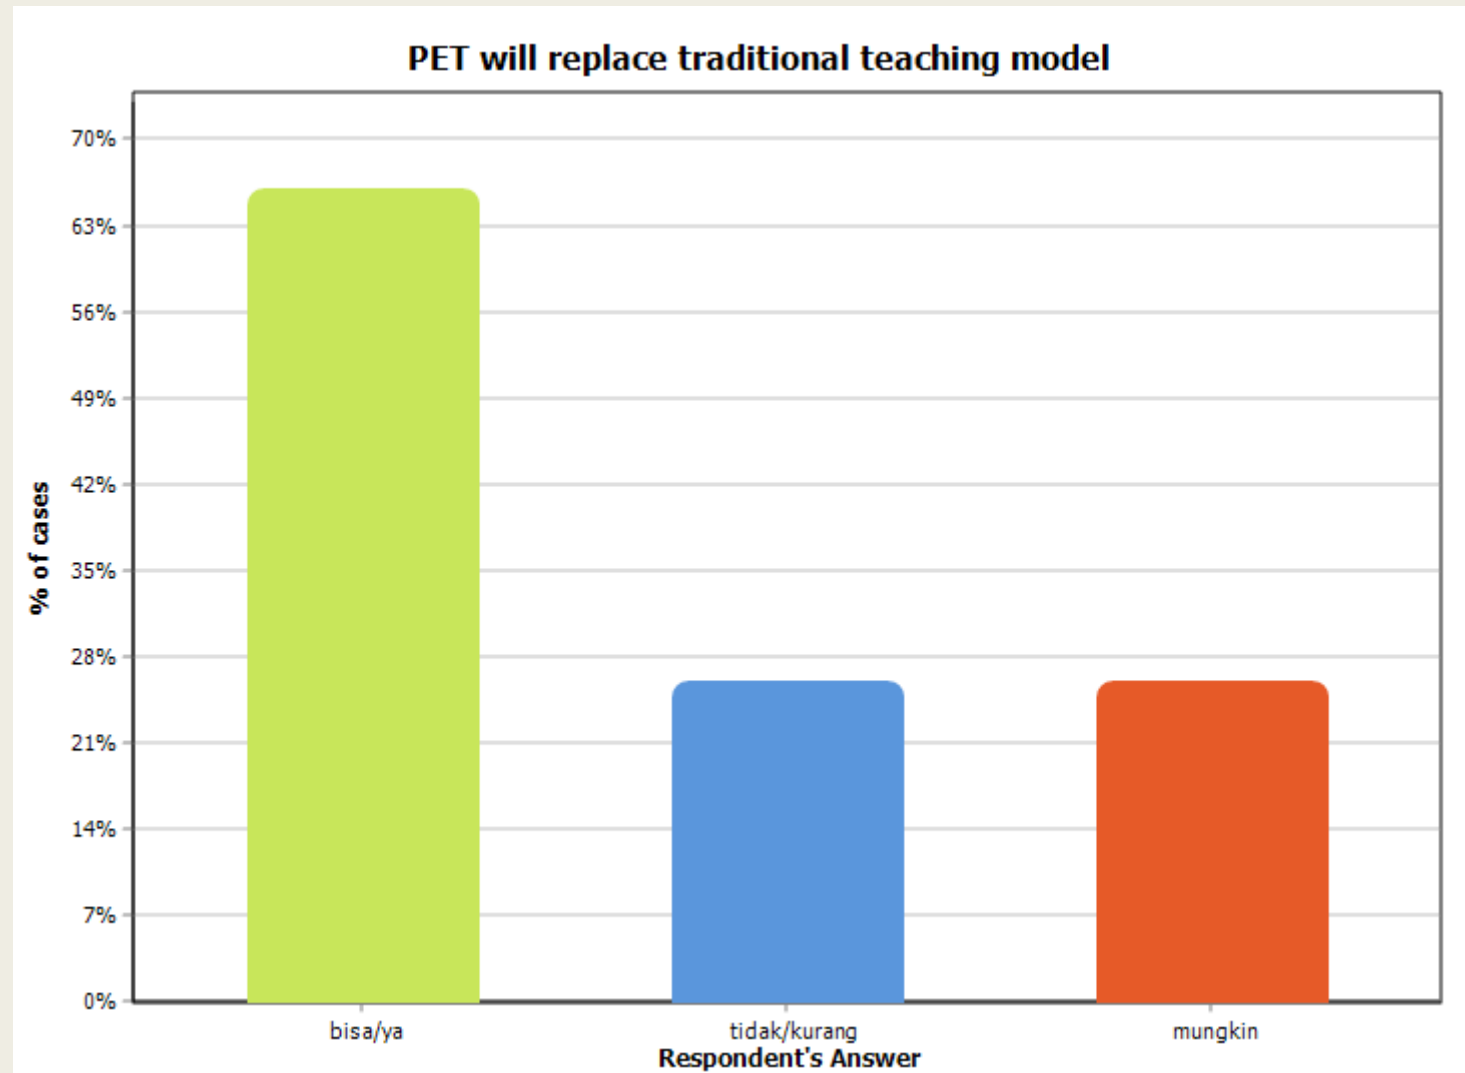

METHODS

Based on :

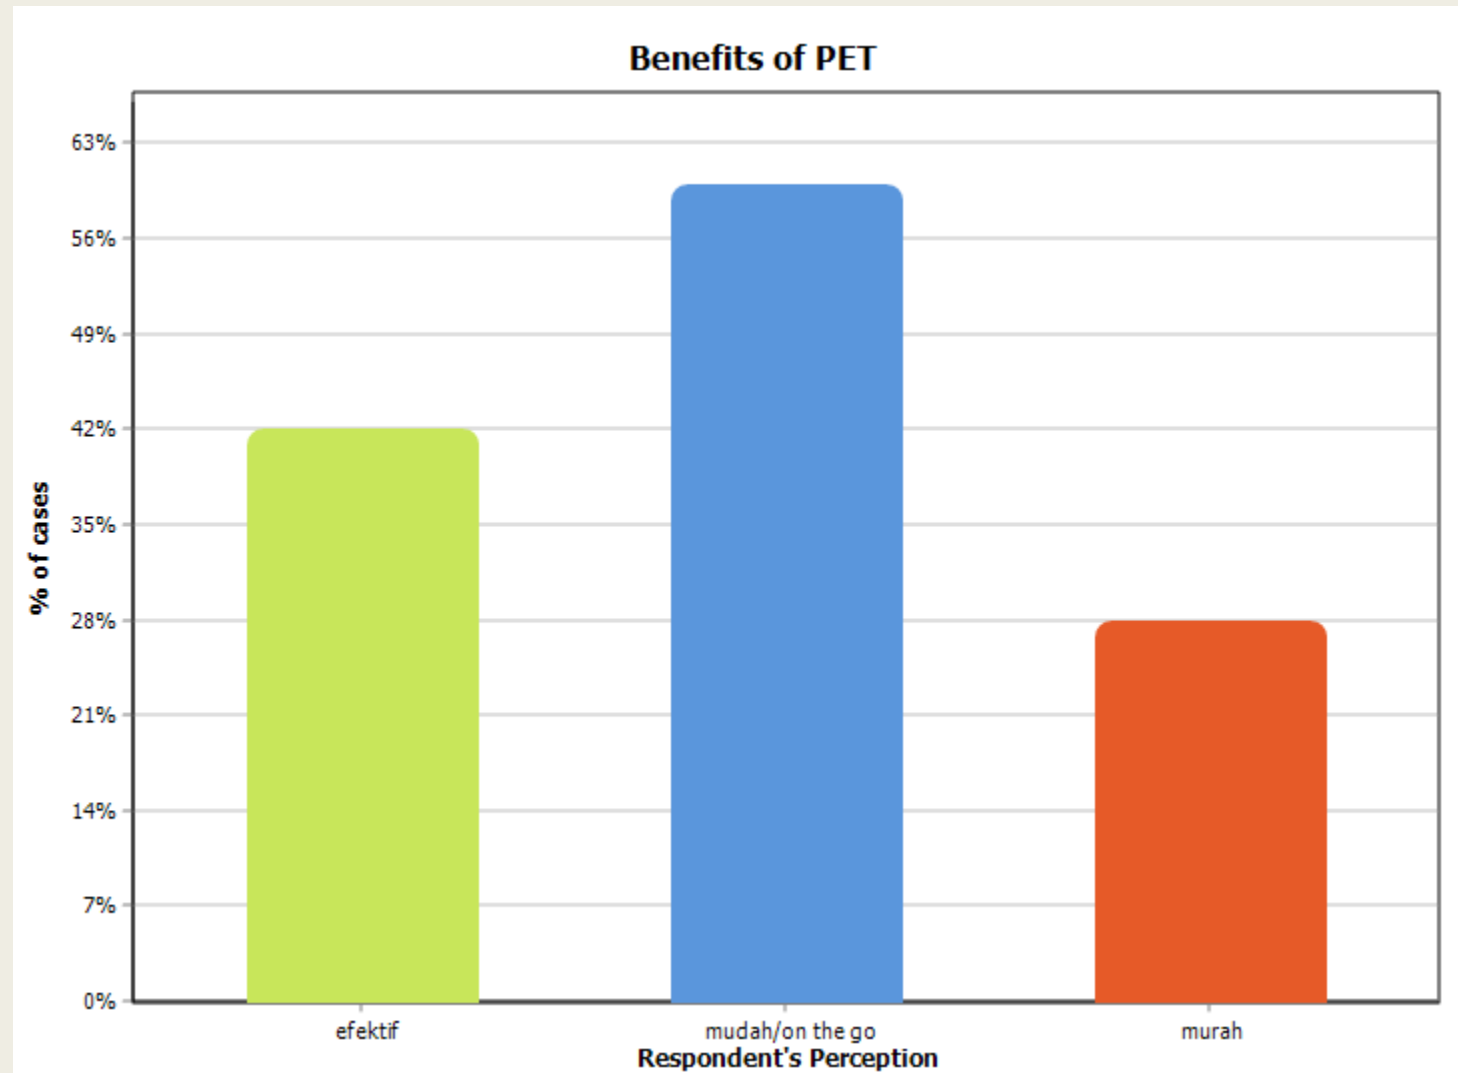

- User Rating > 4*(5K users)
- Variety of Programming Language
- Availability of Interface Language

RESULTS

RESULTS

DISCUSSION

■ Should we adopt PET ?

■ Pros :

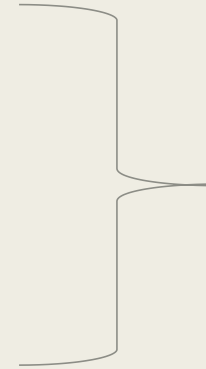

- *Flexibility*
- *Less Cost*
- *Variety of Learning Style*
- *Forum Guidance*

■ Conts :

- *Isolated from the instructor*
- *Low motivation → fall behind*

FUTURE WORKS

- Related to the curriculum
- Legalised by Educational Institution
- Supported by Government

Standardization
of Developing
PET
